

COLPOSCOPY PATIENT INSTRUCTIONS

The results of the biopsy that were taken should take about 1 week. Once your provider has reviewed them you will be contacted to discuss the findings and any follow that may be needed. Please contact us if you have not heard back in 10-14 days.

In order to prevent infection please follow these instruction:

- Do not insert anything in the vagina for 7 days after procedure; this includes tampons, douching and intercourse.
- It is normal to have vaginal discharge or spotting for about 1-3 days
- If you have any of the following symptoms, you need to contact your provider:
 - Vaginal bleeding that is heavier than your normal menstrual flow or if you pass any clots
 - Temperature over 100.5° F
 - Any unusual pelvic pain or discomfort
