

# BEHAVIORAL HEALTH THERAPIST

## LICENSED BEHAVIORAL HEALTH THERAPIST

Full-time / 4 days per week

**Location:** Madison & Cottage Grove, Wisconsin

**WILDWOOD  
FAMILY CLINIC, S.C.**

"HEALTHCARE FOR ALL AGES"

### JOB DESCRIPTION

The WILDWOOD FAMILY CLINIC, an independent, physician owned practice is looking for a licensed behavioral health therapist to join our growing behavioral health department within our two busy, outpatient family medicine clinics. This position works collaboratively with our family physicians and other allied health staff to provide all aspects of high-quality patient care for our patients. The ideal candidate will collaborate in a multidisciplinary, team-based environment to conduct long-term behavioral health therapy with a combination of both in person and telehealth, virtual visits with Wildwood Family Clinic patients. Therapists see scheduled patients for acute, brief behavioral health interventions, and provide evidence-based behavioral health services including counseling, consultation, evaluations, and treatment, in individual and family settings. Therapists will also attend quarterly department meetings outside of regularly scheduled patient contact hours.

### BASIC QUALIFICATIONS:

At a minimum, a master's degree in a behavioral science or related field and a professional mental health license (i.e.: LPC, LMFT, LCSW) valid in the state of Wisconsin with at least five years of clinical experience. The qualified candidate must be comfortable using a computer for telehealth and familiar with electronic medical records.

### ABOUT US:

Wildwood is an Independent, Physician-owned clinic founded in 1978. We are a group of providers centered on lasting, caring relationships with patients and their families. We provide comprehensive, care during all the phases of life – from birth, infancy, and childhood, through adolescence, to adult life and the changes it can bring.

Our staff is committed to providing prompt and personalized care. We approach healthcare not simply as the treatment of a particular illness, but with a focus on prevention, health education and the well-being of the family as a whole.

**Our priority? To listen to your concerns, answers your questions and respect your preferences.**

We provide comprehensive physical exams, obstetrical and pediatric care, sports physicals, immunizations, minor surgical procedures, routine screenings, and patient education, with the added convenience of in-house lab, physical therapy, mental health, and imaging services at both locations.

### INTERESTED INDIVIDUALS SHOULD SUBMIT THEIR CV TO:
